

Four Years of the u3a Newsletter

Four Years of the u3a Newsletter

### **Celebrating Four Years of Our Newsletter Community**

The u3a Newsletter celebrates four years this month of connecting the u3a community.

The u3a Newsletter is celebrating four years of sharing the very latest news and views from across the u3a movement.

From projects headed by u3a members - u3a activities - UK-wide events - local celebrations or the creative ways that members have responded to the pandemic - the newsletter is a place for members to keep connected with each other and be part of the u3a conversation.

The newsletter has grown every month since it began in 2017 and now stands at 35,000 members with more people signing up every day.

The September issue - out soon - has more exciting features including an introduction to the new Chair of the Third Age Trust, Liz Thackray, a tree project for members to get involved with and stories of the successful events u3as are holding in their areas.

[Sign up to the u3a national newsletter now](#) and become part of our conversation.
