

new u3a brand centre now live

new u3a brand centre now live

We are delighted to launch our new u3a brand centre.

Our new u3a brand centre is now live.

u3a members can now access the new branded materials, including logos and other digital assets, through the [u3a brand centre](#).

The secretary at each u3a will have been sent an email where they can login to the site.

Individual members can also use this link and self-register.

We are just at the beginning of this new venture and more materials and merchandise will be added in the coming weeks and months. Please keep coming back as new items will be going up all the time.

Your ideas on what you would like to see on this new brand centre are always welcome. [Please let us know](#) what you would like to see.
